RESIDENTIAL SERVICE
NEIGHBORHOOD ENERGY SAVER PROGRAM RS-NES

PURPOSE

The purpose of this program is to assist income-qualified customers in reducing energy costs through energy education and by installing or providing energy efficiency measures for the customer's residence.

AVAILABILITY

This program is available only to individually-metered residential customers in neighborhoods (designated geographic areas) selected by Company, at its sole discretion, which are considered low-income and/or underserved. Areas targeted for participation in this program will typically have 50% or more of the households with income equal to or less than 200% of the federal poverty level or other income qualified measurements as established by local, state, and U. S. Government entities. Households with higher consumption will be offered additional measures to address high energy use.

PROGRAM

Under this program, participating customers will receive the following:

- An energy assessment to identify energy efficiency opportunities in the customer's home.
- One-on-one education on energy efficiency techniques and measures.
- A comprehensive package of energy conservations measures will be identified from the energy assessment. These measures, which will either be installed or provided to the customer may include but are not limited to the following:

    - Energy Efficient Lighting
    - Electric Water Heater Wrap and Insulation for Water Pipes
    - Electric Water Heater Temperature Check and Adjustment
    - Water-Saving Faucet Aerators
    - Water-Saving Showerheads
    - Switch Plate Thermometer
    - Refrigerator Thermometers
    - Window AC Winterization Kits
    - HVAC Filters
    - Energy Savings Tips Refrigerator Magnet
    - Air Infiltration Reduction Measures

In addition to the measures above, measures offered to high consumption households may include, but are not limited to, the following:

- Insulation
- Air Sealing
- Duct Sealing
- Smart Thermostat
